Swap Tech to partner GSM firms

By Yetunde Oyegbami

SWAP Technologies and Telecoms Plc has announced its preparedness to partner with all GSM companies and leading Private Telcomms Organisation (PTOs) in the country to build a Base Transceiver Station at a fast pace.

A statement signed by the Chief Operating Officer, Sudhir Bisht said that the company, which has achieved a Plc status has submitted its application to the Nigerian Stock Exchange for listing and wish to be among the top five quoted conglomerates in Nigeria by 2011.

The Managing Director, Mr. Tunde Titilayo said the company is ready to partner with PTOs and GSM companies in building the Base Transceiver Station at a fast pace full compliance with the health, safety and environment regulations.

Titilayo said that Swap is one of the few cell site builders that have massive material stocks to enable this rollout. "The company has made much progress in its aim of being an ISO 9001 company, the systems are in place to achieve the certification speedily and indeed become one of the most loved companies of every investor in Nigeria."

He continued that the company would observe August 22, as stakeholders' day to know their expectations and inform them of the progress the company had made.

He, however, expressed gratitude to their customers, which include Visafone Communications, Multilinks Telkom, Zoom Mobile, Alcatel Lucent, Huawei, Harris Stratex, Zain.
